

Sinclair's intent of requiring their TV stations to broadcast "Stolen Honor", a slanderous pseudo documentary about John Kerry, is clearly illegal unless they also require the broadcasting of "Going Upriver", a factual documentary about John Kerry's Viet Nam War experiences in exactly the same time slot and over the same stations the next day.

Sinclair's decision to force their stations to broadcast "Stolen Honor" is clearly an attempt to fraudulently influence the outcome of the election in Bush's favor and must be stopped!

Enforce the law!
